

Worker Input - Critical Tasks and Hazard Assessment

We need **YOUR** input to help us with making **your workplace safer**. We want to know the jobs, tasks or activities you perform regularly, and the risks associated with them to find ways to protect you as a worker (for example PPE, training).

Please list detailed activities, tasks, or jobs that are part of your regular job duties that you believe are high risk.

Department/ Unit: _____

Job Title/ Position	Task or activity performed on a regular basis	The Risk
Example: HCA	Feeding a patient/resident	<ul style="list-style-type: none">• Biological hazard (spitting)• Violence (pt. biting, hitting, slapping, yelling)• MSI (awkward postures)• Contact with hot liquids
