

Communication to WRHA facilities and HSC

Indigenous Health –Patient Services requests that hospital teams keep Indigenous Health staff informed of discharge plans for assigned patient cases. Indigenous Health staff are continuing to work with healthcare providers and their programs to ensure a discharge plan is suitable to care needs and healthcare services available in Indigenous communities at this critical time.

For clinicians who have questions regarding shipping drugs or medical supplies to Indigenous communities for patients who are covered by First Nations and Inuit Health Branch (FNIHB) can contact Greg Wells, Pharmacist, at gregory.wells@canada.ca.
