

WRHA Staff Appreciation and Recognition (StAR) Employee Discount Program

VICTORIA LIFELINE
Safe and independent living.

The Victoria Lifeline Medical Alert Service has been helping people lead safe and independent lives for over 30 years. We know this is a very stressful time and we understand how hard it is to care for an aging family member while trying to balance your work and home life. Victoria Lifeline can provide some much-needed peace of mind to seniors and their loved ones.

**We are pleased to offer WRHA employees (and their family members)
a Free Install (\$70 value) on any medical alert service plan.**

Service options range from at home protection with fall detection to on the go, mobile solutions.
For more information on service plans, visit www.victorialifeline.ca.

To take advantage of the free install, please call the Victoria Lifeline office at
(204) 956-6777 or email info@victorialifeline.ca.
Please present your ID badge at the time of installation.

1-756 Pembina Highway
