Participation in departmental academic activities and training anatomical pathology residents and medical students from the University of Manitoba will be an expectation, as well as working in collaboration with other specialists in a multidisciplinary setting.

Shared Health is committed to providing a leading-edge working environment for our employees. This philosophy includes professional development, supporting collaboration, technology and innovation and providing new challenges and opportunities.

Qualifications:

- Eligible for registration with the College of Physicians & Surgeons of Manitoba;
- Certification or eligibility to get certification with the Canadian Royal College of Physicians and Surgeons in either Anatomical or General Pathology.

Compensation

Shared Health provides a competitive compensation package, health & dental benefits and a defined benefits pension plan. Physicians may be eligible for a recruitment incentive. Please contact physicianrecruitment@sharedhealthmb.ca for further information.

Contact:

Applicants are asked to submit their CV along with three references. Only those selected and qualified for an interview will be contacted.

physicianrecruitment@sharedhealthmb.ca

Shared Health is the not-for-profit corporation responsible for all of Manitoba's public laboratory services and for rural diagnostic imaging services. Shared Health is an independent, but publicly funded organization and is affiliated with the University of Manitoba. The successful candidate may be eligible to apply for an appointment with the Department of Pathology at University of Manitoba.

Shared Health is strongly committed to equity and diversity within its community and especially welcomes applications from women, racialized persons, Indigenous peoples, persons with disabilities, persons of all sexual orientations and genders, and others who may contribute to the further diversification of ideas. All qualified candidates are encouraged to apply; however, Canadian citizens and permanent residents will be given priority.
