

Neurologist

Shared Health (1502-155 Carlton Street, Winnipeg MB R3C 5R9) and the Department of Internal Medicine, Max Rady College of Medicine, Rady Faculty of Health Sciences, University of Manitoba, invite applications for a full-time, permanent Neurologists to fill our labour shortage in Manitoba. The Department is currently looking for General Neurologists and/or those with sub-specialty training in areas including:

- Multiple sclerosis
- Epileptologist

Main job duties include diagnose and treatment of diseases, prescribing medications and treatment, ordering lab tests and x-rays and other diagnostic procedures, consulting with other physicians as required, teaching and research activities, which job duties encompass 100% of the position. Job duties are required in English.

The successful recruit will have, within the University of Manitoba's Section of Neurology, an academic appointment, with responsibilities of teaching and mentoring. The academic rank is dependent on the candidate's current academic experience. The section is one of 17 in the Department of Internal Medicine and has substantial resources within the health system, primarily at two academic health centres and one community-based hospital. The 28 faculty members form a section that includes a highly productive and internationally renowned Multiple Sclerosis research group and a strong residency training program.

Qualifications:

The successful candidate must hold a Doctor of Medicine with specialization in Neurology. The successful candidate must be eligible for certification with the Royal College of Physicians and Surgeons of Canada, and registration with the College of Physicians and Surgeons of Manitoba. Experience is preferred.

Compensation:

Compensation is derived from fee-for-service income (approximately \$339,000.00 - \$400,000.00/annual). Benefits not available at this time.

Location:

Health Sciences Centre – 820 Sherbrook St, Winnipeg MB R3A 1R9

The University of Manitoba is a major research university located in the city of Winnipeg. Winnipeg is the largest city in the Province of Manitoba and one of the most culturally diverse cities anywhere. More than 100 languages are represented, and Winnipeg is well known for its cultural achievements and flourishing arts scene. The city is home to the Royal Winnipeg Ballet, symphony, opera, theatre, and festivals. Besides supporting professional hockey, football, and baseball teams, the region provides ample opportunities for outdoor recreation in all seasons. The Winnipeg housing market is one of the most favorable in Canada.

Equity and diversity are essential to excellence. An open and diverse community fosters the inclusion of voices that have been underrepresented or discouraged. To address the Rady Faculty of Health Sciences commitment to equity, diversity and inclusion, in recognition of the underrepresentation of members of historically and currently under-represented groups, and pursuant to the Manitoba Human Rights Commission Policy I-7, preference will be given to applicants who self-identify as women, Indigenous peoples, persons with disabilities, racialized persons, as well as other historically underrepresented groups such as 2SLBGTQ+.

The University of Manitoba is strongly committed to equity and diversity within its community and especially welcomes applications from women, racialized persons, Indigenous peoples, persons with disabilities, persons of all sexual and gender identities, and others who may contribute to the further diversification of ideas. All qualified candidates are encouraged to apply; however, Canadian citizens and permanent residents will be given priority.

If you require accommodation supports during the recruitment process, please contact UM.Accommodation@umanitoba.ca or 204-474-7195. Please note this contact information is for accommodation reasons only.
