

Infectious Disease Specialist

Description:

Shared Health (1502-155 Carlton Street, Winnipeg MB R3C 3H8) and the Department of Internal Medicine, Max Rady College of Medicine, Rady Faculty of Health Sciences, University of Manitoba (business addresses noted below), invite applications for a full-time physician in the Section of Infectious Diseases. Job duties include diagnose and treat infectious diseases including ordering lab tests, x-rays and other diagnostic procedures which encompasses 55% of the position. The successful applicant will participate in the Infectious Disease inpatient and outpatient consultation service and function as a clinical research expert in immunocompromised host/transplant infectious disease with an interest in clinical research focusing on infectious complications among immunocompromised individuals.

The successful candidate would also be eligible for appointment at the rank of Assistant Professor, and appointed as a geographical full-time member of the Max Rady College of Medicine, Rady Faculty of Health Sciences at the University of Manitoba, which job duties encompasses 45% of the position. Job duties are required in English.

The Section has access to substantial resources within the health system, primarily at two academic health centres and one community-based hospital. There are presently 8 full-time academic infectious diseases physicians within the Section with major clinical and investigative responsibilities in infectious diseases, and additional part time members. The section is one of 17 in the Department of Internal Medicine, providing patient care, undergraduate, postgraduate and continuing education, and research.

Qualifications:

The successful candidate must hold a Doctor of Medicine Degree with specialization in Internal Medicine and Transplant Infectious Diseases. The successful candidate must be eligible for certification with the Royal College of Physicians and Surgeons of Canada and must be eligible for registration with the College of Physicians and Surgeons of Manitoba. Specialty training in transplantation infectious disease is required.

The successful applicant will have academic potential, including demonstration of effective interdisciplinary communication and a track record of prior clinical work in Infectious Diseases. They must also have clinical and teaching skills to further the aims of undergraduate and postgraduate teaching in this specialty.

Compensation:

Compensation is derived from a blending of fee-for-service income (range of \$200,000 – \$300,000) plus an additional stipend of \$55,375.00.

Specialty Physicians may be eligible for a recruitment incentive. Please contact physicianrecruitment@sharedhealthmb.ca for further information.

Benefits, available from the University of Manitoba, include pension, life insurance, disability, dental coverage, supplementary health coverage and a healthcare spending account.

Primary Site Location:

Health Sciences Centre - 820 Sherbrook Street, Winnipeg, Manitoba R3A 1R9

St. Boniface Hospital - 409 Tache Avenue, Winnipeg, Manitoba, R2H 2A6

University of Manitoba – Bannatyne Campus, 750 Bannatyne Avenue, Winnipeg, Manitoba R3E 0W3, Winnipeg MB

The University of Manitoba is a major research university located in the city of Winnipeg. Winnipeg is the largest city in the Province of Manitoba and one of the most culturally diverse cities anywhere. More than 100 languages are represented, and Winnipeg is well known for its cultural achievements and flourishing arts scene. The city is home to the Royal Winnipeg Ballet, symphony, opera, theatre, and festivals. Besides supporting professional hockey, football, and baseball teams, the region provides ample opportunities for outdoor recreation in all seasons. The Winnipeg housing market is one of the most favorable in Canada.

Equity and diversity are essential to excellence. An open and diverse community fosters the inclusion of voices that have been underrepresented or discouraged. To address the Rady Faculty of Health Sciences commitment to equity, diversity and inclusion, in recognition of the underrepresentation of members of historically and currently under-represented groups, and pursuant to the Manitoba Human Rights Commission Policy I-7, preference will be given to applicants who self-identify as women, Indigenous peoples, persons with disabilities, racialized persons, as well as other historically underrepresented groups such as 2SLGBTQ+.

Shared Health and the University of Manitoba are strongly committed to equity and diversity within its community and especially welcomes applications from women, racialized persons, Indigenous peoples, persons with disabilities, persons of all sexual and gender identities, and others who may contribute to the further diversification of ideas. All qualified candidates are encouraged to apply; however, Canadian citizens and permanent residents will be given priority.

If you require accommodation supports during the recruitment process, please contact UM.Accommodation@umanitoba.ca or 204-474-7195. Please note this contact information is for accommodation reasons only.

Application materials, including letters of reference, will be handled in accordance with the protection of privacy provision of “*The Freedom of Information and Protection of Privacy*” (Manitoba). Please note that curriculum vitae may be provided to participating members of the search process.

The position will remain open until filled. Interested applicants should submit curriculum vitae, a list of publications, and the names of three references to:
