

Diagnostic Radiologist – Locum Tenens Opportunity

Description:

Shared Health (1502-155 Carlton Street, Winnipeg MB R3C 3H8), and the Department of Radiology, University of Manitoba, invite applications for full-time General Diagnostic Radiologists to fill our labour shortage in Manitoba. Main job duties for this temporary position include interpreting a full range of diagnostic imaging studies and providing consultation to referring physicians. Job duties are required in English.

The successful candidate will provide service for St. Boniface, Grace, Concordia and Misericordia hospitals and an outpatient sports medicine facility. The hospital practices are high volume and include CT, X-ray, ultrasound, fluoroscopy and MRI (at our two tertiary facilities). MRI is covered by subspecialty service

The University of Manitoba is a major research university located in the city of Winnipeg. The city has a rich cultural environment with symphony, opera, dance, theatre and ethnic festivals. The region also provides ample opportunities for outdoor recreation in all seasons.

Qualifications:

The successful candidate must hold a Doctor of Medicine Degree with specialization in Diagnostic Radiology. The successful candidate must be eligible for certification with the Royal College of Physicians and Surgeons of Canada, and licensure with the College of Physicians and Surgeons of Manitoba. Post-residency fellowship training and/or research experience would be an asset. Clinical expertise with radiograph interpretation, body CT imaging, general ultrasound and fluoroscopy is expected. Competency in basic body interventional procedures (imaging guided biopsies and drainages) would be an asset. General call duties are expected and include coverage of CT, US and X-ray during the evening and weekends throughout the year.

Compensation:

Compensation is derived from fee-for-service income (salary range \$500,000-750,000/annual). Physicians may be eligible for a recruitment incentive. Please contact physicianrecruitment@sharedhealthmb.ca for further information. This is an independent contractor position; no benefits are offered at this time.
