

# Wound Care Education – Level 1 on line Learning Management System (LMS)

Log into **LMS** from any computer or device: <https://manitoba-ehealth.learnflex.net>

If needed create a new account by clicking “New User”

1. Enter “**WOUND**” in the global search bar.
2. IMPORTANT: course is not listed in “**CLINICAL SKILLS**” as it is a bundle of 8 modules
3. Click **drop down** arrow or **more info** button for **Wound Care Education – Level 1** to get information on the course bundle .
4. Click **Register** button adjacent to the **Wound Care Education – Level 1** to register for the bundle.
5. A confirmation screen will appear with an **OK** button leading to the Learning Plan tab.
6. Module 1a will be in the Learning Plan with a **Launch** button.
7. Once completed the next module will appear on the Learning Plan.
8. When all **8** modules are completed, the Level 1 certificate can be printed.
  - Log into LMS
  - Click **Learning History** Tab, then click **Bundles** link
  - Click the **View** button under LearnTrack for Wound Care Education – Level 1 completed course bundle
  - Both the **Certificate** and the **Printing Instructions** windows appear
  - Follow the steps in **Printing Instructions** window to print certificate
