

Putting on Personal Protective Equipment

Before entering anteroom:

1 DON DISPOSABLE SCRUBS AND DEDICATED SHOES

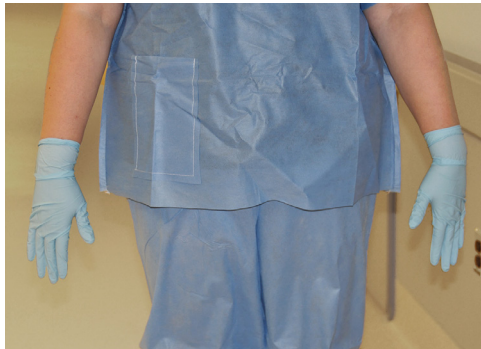

- Don disposable scrubs and dedicated shoes
- Remove lanyards and pull back hair from face; securely tie/pin back as required
- Visually inspect PPE to ensure all items are in serviceable condition.

2 HANDS

Perform hand hygiene (HH) with alcohol-based hand rub (ABHR) unless visibly soiled; wash if soiled

3 GLOVES

Don inner set of **BLUE** extended cuff (longer and closer-fitting) gloves

4 COVERALLS

- Don coveralls; pull hood over head, zip up & secure adhesive over zipper.
- Ensure cuffs of **BLUE** gloves are under coveralls and hair is tucked under hood

5 SHOE / LEG COVERS

Don shoe/leg covers; pull to knees and securely over feet to avoid risk of tripping

6 GOWN

Don gown so gown edges overlap; ensure cuffs of **BLUE** gloves are under the gown

7 N95 RESPIRATOR

Don N95 respirator and perform seal check

8 FACE SHIELD

Don full face shield ensuring full face coverage

9 GLOVES

Don outer set of **GREEN** extended cuff gloves over cuff of gown

10 MONITOR CHECK

Check PPE placement/integrity and log room entry on EVD Room Entrance Log
