

## Electronic Patient Record Infection Control Code Quick Reference Sheet

Code	Explanation of Code	Precautions	Required Actions
<b>AMR GNB P</b>	AMR GNB Positive Antimicrobial resistant gram negative bacilli positive	Contact Precautions 	<ul style="list-style-type: none"> <li>Notify site Infection Control Professional (ICP)</li> <li>Single room (do not cohort)</li> <li>Collect screening specimens as directed by site ICP</li> </ul>
<b>AMR GNB S</b>	AMR GNB Suspect Antimicrobial resistant gram negative bacilli exposed (former roommate or bathroom-mate)	Routine Practices	<ul style="list-style-type: none"> <li>Notify site ICP</li> <li>Collect screening specimens as directed by site ICP</li> </ul>
<b>CF</b>	Cystic Fibrosis Diagnosis	Contact Precautions 	<ul style="list-style-type: none"> <li>Single room (do not cohort with another CF patient)</li> <li>No screening specimen required</li> </ul>
<b>CN AUR POS</b>	CN AUR Positive Multi drug resistant <i>Candida auris</i> positive	Containment Precautions 	<ul style="list-style-type: none"> <li>Consult Infectious Diseases (ID) immediately</li> <li>Notify site ICP; leave a message after hours</li> <li>Single room (do not cohort)</li> <li>Collect screening specimens as directed by site ICP or Infectious Diseases on call after hours</li> </ul>
<b>CN AUR SUS</b>	CN AUR Suspect Multi drug resistant <i>Candida auris</i> exposed (former roommate or bathroom-mate)	Containment Precautions 	<ul style="list-style-type: none"> <li>Notify site ICP</li> <li>Single room (do not cohort)</li> <li>Collect screening specimen(s):                             <ul style="list-style-type: none"> <li>axilla &amp; groin -1 swab</li> <li>open wounds/lesions/incisions/ invasive device insertion sites</li> </ul> </li> </ul>
<b>CPE POS</b>	CPE Positive Carbapenemase producing <i>Enterobacteriaceae</i> (CPE) positive	Containment Precautions 	<ul style="list-style-type: none"> <li>Notify site ICP; leave a message after hours</li> <li>Single room (do not cohort)</li> <li>No screening specimen required</li> </ul>
<b>CPE SUS</b>	CPE Suspect Carbapenemase Producing <i>Enterobacteriaceae</i> (CPE) exposed (former roommate or bathroom-mate)	Containment Precautions 	<ul style="list-style-type: none"> <li>Notify site ICP</li> <li>Single room (do not cohort)</li> <li>Collect screening specimens as directed by site ICP or Infectious Diseases on call after hours</li> </ul>

## Electronic Patient Record Infection Control Code Quick Reference Sheet

Code	Explanation of Code	Precautions	Required Actions
<b>MRSA POS</b>	MRSA Positive Methicillin resistant <i>Staphylococcus aureus</i> (MRSA) positive	Contact Precautions 	<ul style="list-style-type: none"> <li>● Collect screening specimen(s):               <ul style="list-style-type: none"> <li>○ nares</li> <li>○ open wounds/lesions/incisions/invasive device insertion sites</li> </ul> </li> </ul>
<b>MRSA PREV</b>	MRSA Previous: Methicillin resistant <i>Staphylococcus aureus</i> (MRSA) previous. Positive patient who was treated and eradicated or self-eradicated	Routine Practices	<ul style="list-style-type: none"> <li>● Collect screening specimen(s):               <ul style="list-style-type: none"> <li>○ nares</li> <li>○ open wounds/lesions/incisions/invasive device insertion sites</li> </ul> </li> </ul>
<b>MRSA SUS</b>	MRSA Suspect: Methicillin resistant <i>Staphylococcus aureus</i> (MRSA) exposed (former roommate or bathroom-mate)	Routine Practices	<ul style="list-style-type: none"> <li>● Collect screening specimen(s):               <ul style="list-style-type: none"> <li>○ nares and open wounds/lesions/incisions/invasive device insertion sites</li> </ul> </li> </ul>
<b>MTB POS</b>	MTB Positive Mycobacterium tuberculosis MTB positive Positive for active, infectious MTB	Airborne 	<ul style="list-style-type: none"> <li>● Notify site ICP</li> <li>● Isolate in Airborne Infection Isolation Room (AIIR)</li> </ul>
<b>MTB Query</b>	MTB Suspect Mycobacterium tuberculosis (MTB) is suspected and being investigated	Airborne 	<ul style="list-style-type: none"> <li>● Notify site ICP</li> <li>● Isolate in Airborne Infection Isolation Room (AIIR)</li> <li>● Collect specimens as directed by site ICP</li> </ul>
<b>RESP RISK</b>	Do not use; this flag is scheduled for deletion	N/A	<ul style="list-style-type: none"> <li>● N/A</li> </ul>

## Electronic Patient Record Infection Control Code Quick Reference Sheet

Code	Explanation of Code	Precautions	Required Actions
<b>VISA POS</b>	VISA Positive Vancomycin intermediate <i>staphylococcus aureus</i> positive	Contact Precautions 	<ul style="list-style-type: none"> <li>Notify site ICP</li> <li>Single room (do not cohort)</li> <li>Collect screening specimens as directed by site ICP</li> </ul>
<b>VISA SUS</b>	VISA Suspect Vancomycin intermediate <i>Staphylococcus aureus</i> suspect	Contact Precautions 	<ul style="list-style-type: none"> <li>Notify site ICP</li> <li>Single room (do not cohort)</li> <li>Collect screening specimens as directed by site ICP</li> </ul>
<b>VRSA POS</b>	VRSA Positive Vancomycin resistant <i>Staphylococcus aureus</i> (VRSA) positive	Contact Precautions 	<ul style="list-style-type: none"> <li>Notify site ICP</li> <li>Single room (do not cohort)</li> <li>Collect screening specimens as directed by site ICP</li> </ul>
<b>VRSA SUS</b>	VRSA Suspect Vancomycin resistant <i>staphylococcus aureus</i> exposed (former roommate or bathroom-mate)	Contact Precautions 	<ul style="list-style-type: none"> <li>Notify site ICP</li> <li>Single room (do not cohort)</li> <li>Collect screening specimens as directed by site ICP</li> </ul>
<b>VZV CASE</b>	VZV Positive Varicella Zoster or Disseminated Zoster VZV positive	Airborne/Contact 	<ul style="list-style-type: none"> <li>Notify site ICP</li> <li>Assign Immune roommates</li> <li>No specimens required</li> </ul>
<b>VZV CONF</b>	Do not use; this flag is scheduled for deletion	N/A	<ul style="list-style-type: none"> <li>N/A</li> </ul>
<b>VZV EXPSD</b>	Do not use; this flag is scheduled for deletion	N/A	<ul style="list-style-type: none"> <li>N/A</li> </ul>
<b>VZV SUSP</b>	VZV Suspect Exposed to chicken pox or disseminated zoster and patient's chicken pox history is unknown	Airborne* 	<ul style="list-style-type: none"> <li>Notify site ICP</li> <li>* Airborne Precautions during incubation period</li> <li>Assign immune roommates Collect blood specimen</li> </ul>
