

Intrapartum Primary Care Physician – Family Medicine

Access Winnipeg West

The Winnipeg Regional Health Authority Primary Care Program is seeking applications for a permanent, part-time family physician as an Intrapartum Primary Care Physician at Access Winnipeg West. This position would be approximately one half day a week.

Recent experience in providing prenatal and intrapartum care is required, as well as a willingness to participate in a call schedule with other members of the Family Medicine Obstetrics Network (FMON). This is an opportunity to join an inter-professional health and social services team that includes physicians, nurse practitioners, primary care nurses and allied health professionals.

Qualifications:

- Must be eligible for licensure with the College of Physicians and Surgeons of Manitoba (CPSM)
- CCFP certified
- Associated with FMON
- ALSO or Alarm training (required)

Compensation:

An attractive Independent Contractor remuneration package is offered.
