

## **Site Medical Lead – Primary Care**

### **Access Winnipeg West**

#### **Description**

Access Winnipeg West is seeking a Site Medical Lead. The key functions of the position are to assist the WRHA Regional Medical Specialty Lead in the planning and coordination of a system wide program and to provide leadership to the primary care physicians and team members on site.

The successful candidate will bring to the position sound knowledge of principles of management and have demonstrated leadership in a complex, rapidly changing environment. The ability to develop strong working relationships with other key stakeholders at the site; in clinical programs and outside agencies is essential.

This position has a dual reporting relationship to the Community Area Director and the Regional Medical Specialty Lead for Family Medicine. A minimum time commitment of approximately one-half day per week with on-site presence at the clinic is required in order to fully carry out the requisite site management functions.

#### **Compensation**

An attractive Independent Contractor remuneration package is offered

#### **Location**

Access Winnipeg West 280 Booth Dr, Winnipeg, MB
