

# USING A FILTER NEEDLE TO DRAW FROM AN AMPOULE

**Attach the filter  
needle to a 1 or  
3 cc syringe**

**Draw from the  
ampoule  
for withdrawing  
only – do NOT  
use for injection**

**Discard the  
filter needle  
safely**

**Attach a safety  
engineered  
needle for  
reconstituting or  
administering an  
injection**
