## **DRAFT PDSA 3**

Prepared By:

Caitlin Keyser, Jo-Anne Kilgour & Elizabeth Hydesmith

| Organization: |  |
|---------------|--|
| Facility:     |  |
| Project:      |  |

Plan - Describe what the new process will look like?

Do - What are all the activities that have to take place to test this change.

| Actions | Person Responsible | Due Date |
|---------|--------------------|----------|
|         |                    |          |
|         |                    |          |
|         |                    |          |
|         |                    |          |
|         |                    |          |
|         |                    |          |
|         |                    |          |
|         |                    |          |
|         |                    |          |
|         |                    |          |

## Study

| What are the post measure(s) | When will the process be re-measured | Data Outcomes |
|------------------------------|--------------------------------------|---------------|
|                              |                                      |               |
|                              |                                      |               |
