

Provider Review of manual INR Results

This review process is only available for lab results that have been manual entered for a client by someone (PCA or Nurse) other than the regular provider and that have been sent to the provider for review.

1. Be sure to be in the **Home Section > Labs** folder.

2. **Double-click** on the lab to view.
The preview displays in the bottom portion of the screen.
3. To review previous results, click on the **INR tracking button** and the tracking of the clients results will display in another window.
4. If desired, enter further comments in the **Notes** section.
5. Select the review button to mark the lab as “reviewed” in the virtual chart.

-Or-

1. To preview the lab in the Virtual chart, press **F3**

SET CONTACT PATIENT REMINDER

When you have the INR lab results open in the preview window or lab Viewer window, click in

☒ **Contact Patient**

the Contact Patient

checkbox. This will place a reminder star in the lab table found in the **Home section > Labs folder**. It will serve as an indicator to yourself that you will need to contact the patient. To remove the star, double-click to open the INR lab results and take out the checkmark from the Contact Patient checkbox.
